# POS & Promotional

In the digital world of online shopping its more important than ever to invest in attention grabbing and engaging Point of Sale Marketing.

Our experienced team have been involved in the production and assembly of POS Units, FSDU's, Dump Bins and Counter Displays for over 20 years. Along with the assembly of the units we can also merchandise them with products, package, ship and install the units nationwide via our sister brand Group 4 Installations

We are also vastly experienced in the packing and distribution of retail kits. We often take in delivery of Print, POS & Promotion products and assemble the kits - either generic or from a picking list store by store. We can provide innovative and cost effective packing solutions as well as advising on overnight deliveries or bespoke nationwide 'routes' which can often work out more cost effective.

For trade exhibitions we can not only assemble the promotional bags or kits but we can also source promotional items and advise of very cost effective and innovative solutions.

**We pride ourselves in our quality and service**

**We do not employ agency staff only in-house trained print professionals**

## Point of Sale Units & Displays

Assembly of POS Units, FSDU's, Counter Displays & Kit Collations

## Multi-Drop Installations

Nationwide POS Delivery & Installation

## Exhibition Kits & Gift Bags

We Source & Pack Trade Exhibition Gift Bags

## Packaging Solutions
